Mini Touch Screen Small in Size, Big in Control

Imagine all the features of a full-sized touch panel and a remote audio server packed into a compact four-inch touch screen. Control4® brings this to life with the wall-mounted Mini Touch Screen, loaded with rich color graphics and touch screen convenience. Utilizing the Control4 Navigator interface, the Mini Touch Screen is simple to navigate and provides functionality designed with the homeowner in mind.

But it doesn't stop there. This versatile touch screen can also become an "instant audio zone." It can receive and deliver audio streams, wired or wireless, to an amplifier right from its location.

It's all part of the Control4 vision. We bring the benefits of a truly automated home to more people with solutions that are affordable, easy to install and designed to adapt to any home or lifestyle.

Features and Benefits

Beautiful On Any Wall

- **Rich color graphics** — Full color screen makes the touch screen an attractive addition to any room.
- **Clean and compact design** — Low profile makes it fit into home décor.
- **Color choices** — Available in white, black, or almond to integrate seamlessly into any home.

Instant Audio Zone

- **Audio output capabilities** — Provides an analog channel of audio output.
- **Expanded multi-room audio** — Receive audio streams via Ethernet or Wi-Fi.

Intuitive For Every User

- **Easy to use** — Operates with the touch of the screen or using the integrated select dial.
- **Backlit shortcut button** — Allows for simple, one-touch commands that can be easily customized.
- **Familiar navigation** — Follows the same style and menus of the larger Control4 Touch Screen.
- **Enhanced accessibility** — Provides more points of contact to control the entire home automation system.

Easy To Install

- **Power over Ethernet capability** — Ethernet version uses low voltage wiring and eliminates the need for an electrician during installation.
- **Wireless option** — Wi-Fi version requires no new data cables pulled in the home.

Start your favorite music in the bedroom while dimming the lights downstairs. Adjust the house temperature and select a lighting scene for your party just as the guests arrive.
