

Wireless Switch Where Beauty, Brains, and Budget Meet

With the introduction of the Control4® Wireless Switch, elegant and convenient lighting control is finally affordable for every home. Packed with intelligent features and dramatically less expensive than competitive brands, the Control4 Wireless Switch marks the beginning of a new era for home automation.

With its seamless wireless connectivity and ease of installation, the Control4 Wireless Switch works beautifully in any home, whether it's 100 years old or brand new. This radical simplicity makes the Wireless Switch truly unique, and allows more people to enjoy the benefits of an automated home.

It's all part of the Control4 vision. We bring the benefits of a truly automated home to more people with solutions that are affordable, easy to install and designed to adapt to any home or lifestyle.

Features and Benefits

Beautiful On Any Wall

- **Elegant design** — Sleek profile fits beautifully in any home.
- **Customizable LED lights** — Choose any color to match décor. Easily adjust the brightness of each LED.
- **Custom screw-less faceplate** — For a clean, graceful look. Also works with decorative Decora® style screw-on faceplates.

Intuitive For Every User

- **Ergonomic design** — Curved button follows natural curves and motion of fingertips.
- **Easy to use** — Designed so that everyone will know how to use it from the moment they first see it.
- **Two-LED design** — Top and bottom LED lights provide instant user feedback.

Intelligent From Front to Back

- **Control at anytime from anywhere** — Switch can be controlled to turn any light or electrical load on or off at any time of day, from any location.
- **Wireless** — Intelligent, reliable, wireless connectivity using the ZigBee™ (802.15.4) mesh networking standard.

Easy To Install

- **Plug and play ease** — Pre-programmed to work right out of the box.
- **Wireless** — No special cables to pull through the home.
- **Slim line back box profile** — Leaves more room for wiring, making installation easier.
- **Decora wall plate compatible** — Fits any standard wall plate for complete customization.

Affordable For Every Customer

- **Surprisingly inexpensive** — Whole home lighting control is finally affordable.
- **Reduced installation costs** — Wireless technology makes installation quick and easy in any home.
- **Scalable, low-cost solution** — Allows customers to begin and expand home automation with lower entry costs.

Automatically switch on the porch light at dusk. **Turn** the children's bedroom lights off during the day to save electricity. **Automatically** start the ceiling fan when the temperature hits 75 degrees.

Wireless Switch

Technical Specifications

Model Number

- LSZ-101

Load Capacity

- 1000 Watts, single or multi ganged installations

Communications

- Wireless IEEE 802.15.4 mesh networking

Environmental

- Operational 0°C to 40°C
- Humidity 5% to 95% Non-Condensing
- Storage -20°C to 70°C

Power Requirements

- 120 VAC +/- 30% (84-156 VAC) 50 or 60 Hertz

Dimensions & Weight

- H x W x D: 4.60" x 2.75" x 1.60"
117mm x 70mm x 41mm
- Weight: 4.9oz
139g

Available Colors

- White
- Black
- Almond
