

Wireless Touch Screen

The Ultimate in Technology at Your Fingertips

Experience the ease and beauty of home automation technology with the Control4® 10.5" Wireless Touch Screen. This cost-effective automation solution is setting a new standard in touch screen technology. With rich color graphics and an easy-to-navigate interface, the Wireless Touch Screen allows a homeowner to take full advantage of the sophisticated Control4 technology and state-of-the-art Navigator software. The Wireless Touch Screen provides the ultimate in portability and functionality, enabling control of any aspect of home automation at any time, from anywhere in the house.

Utilizing a wide variety of templates, the Wireless Touch Screen interface can be completely personalized. The Control4 Navigator software, developed exclusively with residential application in mind, makes this easy customization possible.

It's all part of the Control4 vision. We bring the benefits of a truly automated home to more people with solutions that are affordable, easy to install and designed to adapt to any home or lifestyle.

Features and Benefits

Smart Design

- **Vivid color** — 10.5" viewable/touch area packed with rich graphics.
- **Streamlined design** — Sleekly designed with concise navigational buttons.
- **Absolute mobility** — Move from room to room with the battery powered wireless Touch Screen.
- **Recharging options** — Recharges independently or with the Control4 Table Dock or Wall Dock.

Easy To Set Up and Use

- **Easy to use** — Dynamic color graphics featuring tabs and icons for simple touch access to intelligent technology.
- **Plug and play ease** — Pre-programmed to work right out of the box.
- **Simple set-up** — On screen GUI easily guides the set-up process.
- **Wireless** — Intelligent, reliable, wireless connectivity using Wi-Fi networking.
- **Easy recognition** — Just power it up, press a button, and it's immediately recognized on the Control4 network.

Handheld Intelligence

- **Control from anywhere** — Connects from anywhere in the house.
- **Control for anything** — Controls an entire home automation system.
- **Personalized preferences** — Set preferences for everything in the home automation system, from music to movies to lighting.

Tap the music icon and your entire music library is at your fingertips.

Select an audio zone icon and specify the room where the music will play.

Touch the lighting icon and select preset lighting scenes and moods such as evening, morning or party.
