

Sib

Cabinet

- › ABS structure, for low vibrations and resonances.
- › Back laminar port for reduced distortion.

Crossover

- › OPC (Optimum Phase Crossover) for perfect staging.
- › High grade capacitors and inductors.

Stand

- › Vertical and horizontal adjustable.
- › For stand or on wall mounting.

5" Polyflex bass cone

- › High power handling.

3/4" Mylar dome tweeter

- › Accuracy and smooth.
- › Low directivity.

Features

- **The reference** compact speaker
- **High power handling**
- **Short integrated stand, suitable on wall mounting**
- **Optional Hip stand**
- **Optional Hop stand (with adapter)**
- **Splashproof**
- **Magnetically shielded**

Technical data

Frequency response	75Hz to 20kHz
Sensitivity (2.83V/1M)	90dB
Power handling	75W
Crossover	3.5kHz
Nominal/min. impedance	8 ohms/4 ohms
Dimensions (HxWxD)	10 ^{3/4"} x5 ^{9/16"} x6 ^{7/16"} 247x142x164mm
Weight	4.6lbs (2.1kg)
