

Sib XL

Cabinet

- › ABS structure, for low vibrations and resonances.
- › Aerodynamic ports for reduced distortion and dynamic compression.
- › Polyfix system for on wall or stand mounting.

Crossover

- › OPC (Optimum Phase Crossover) for perfect staging.
- › High grade capacitors and inductors.

5" Polyflex bass cone

- › High power handling.
- › 4 layers voice-coil for dynamic bass.

OAL 3/4" aluminum dome tweeter

- › Extended response to 35 kHz, suitable with DVD-Audio or SACD.
- › Low directivity.
- › Phase plug and short horn integrated.

5" Polyflex bass cone

- › High power handling.
- › 4 layers voice-coil for dynamic bass.

Features

- The high performances **on wall speaker** dedicated for flat screen
- The **Focal sound**
- **Compact flat**
- Versatile **Polyfix** system for **horizontal or vertical** mounting
- Very high power handling
- **Hop and Bop** optional stand
- **"On Wall/free standing"** switch
- Rotable logo
- Splashproof
- Magnetically shielded

Technical data

Frequency response	67Hz to 35kHz
Sensitivity (2.83V/1M)	91dB
Power handling	100W
Crossover	3.5kHz
Nominale/min. impedance	8 ohms/4 ohms
Dimensions (HxWxD)	19 ^{7/8} "x5 ^{5/8} "x4 ^{1/4} " (505x142x108mm)
Weight	8.81lbs (4kg)
