

Sib XXL

Cabinet

- › 100% wood structure.
- › Curved multiplies MDF panel, for very low vibrations and resonances.
- › Laminar front port for reduced distortion and dynamic compression.

Crossover

- › OPC (Optimum Phase Crossover) for perfect staging.
- › High grade capacitors and inductors.

OAL 3/4" aluminum dome tweeter

- › Extended response to 35 kHz, suitable with DVD-Audio or SACD.
- › Low directivity.
- › Phase plug and short horn integrated.

5" Polyflex bass cone

- › High power handling.
- › 4 layers voice-coil for dynamic bass.

Features

- **Ultra compact floorstanding speaker**
- **The Focal sound, with advanced technologies**
- **Advanced technology in traditional cabinet**
- **Excellent value for money**
- **Magnetically shielded**
- **Very high sound pressure level**

Technical data

Frequency response	55Hz to 35kHz
Sensitivity (2.83V/1M)	90dB
Power handling	120W
Crossover	3.5kHz
Nominal/min. impedance	8 ohms/4 ohms
Dimensions (HxWxD)	33 ^{1/2} "x6 ^{3/8} "x5 ^{7/8} " 850x160x148mm (without plinth) 33 ^{1/2} "x9 ^{1/8} "x7 ^{5/8} " 850x230x193mm (with plinth)
Weight	17.21lbs (7.8kg)
